Landscaped Common Areas Pilot Project

“Desert Keepers” Project

No report since Sandi Lake was unable to attend.

Steve Taillie also reported on the activities of an Oro Valley committee that will address zoning of previously unzoned environmentally sensitive lands in the region.

The Landscape Committee Mission Statement was distributed to attendees. Suggestions for revisions will be discussed in the fall.

Gerry Mindel asked if we had any plans to update the Vistoso Center Landscaped Common area since it is the first area that many visitors see. The chair responded that if the pilot project is successful the lessons learned with it would be applied to other areas. His point about the prominence of the Vistoso Center is a good one and should be considered.
